Member of the Board

1. In compliance with applicable legal regulations, we hereby inform you that **our servers use for their activities small amounts of data sent to your end device**, allowing in particular adjustments of our web sites based on your needs, thus improving the utilisation of our servers (so-called cookies). Cookies are used primarily by us, as the operator of the given server or the relevant web sites, as well as the operators of various advertising systems operated on our sites.

2. **None of the cookies used on our sites collects or contains any information having the nature of your personal data and, therefore, the cookies used do not enable any identification of your person**.

3. Cookies are used by almost every web site worldwide. In general, cookies represent a useful service, because they improve user-friendliness of a repeatedly visited website. If you use the same computer and the same internet browser for visiting our websites, cookies will help your computer remember the visited websites and your preferred settings of individual sites.

4. Standard internet browsers (such as Internet Explorer, MozillaFirefox, Google Chrome, etc.) support the administration of cookies. In the browser settings, you can manually delete or block individual cookies or prohibit their use in general; you can also block or allow cookies only for certain specific websites. **Thus, you can anytime simply and free of charge prohibit cookies processing on our websites through the settings of your internet browser.** For detailed information, please refer to the help section of your browser. If your browser allows the use of cookies, we will presume that you agree with the use of standard cookies by our servers and websites.

5. Below, we provide instructions how to delete cookies in the most commonly used browsers:

a. Google Chrome: Select the item Chrome on the browser menu bar. Select Tools. Select Delete browsing history. In the pop-up dialog box select Cookie Files and other web data and plugins and Pictures and Files from cache. Select in the menu in the upper part of the window Clear all of your history.

b. Internet Explorer 8 and higher: In the menu "Tools" select the option "Security". Then click on "Delete browsing history", select the relevant files and click on "Delete". If you always want to browse websites without saving cookies, click on the option "Security" and select "Browsing with InPrivate service". If you use an older version of Internet Explorer, please visit the websites of Microsoft and install the most recent version.

c. Mozzila Firefox: In the menu "Tools" select the option "Options" (or ("Modify | Defaults" in Linux). In the section "Privacy", on the tab "Cookies", select "Show cookies". Delete all cookies by clicking on the option "Delete all cookies" or delete selected cookies by clicking on the option "Delete cookies".

d. Safari: In the menu, select "Preferences". Click on "Security" and then "Show cookies". By clicking on the "Remove" button, you will delete the selected cookies.

e. Opera: In the menu "Settings", select "Delete personal data". In "Detailed options" select "Delete temporary cookies" and "Delete all cookies". You will delete cookies by clicking on the "Delete" button.

f. Android Browser: In the "Menu" click on the option "More". Continue with "Settings" and select the option "Delete all cookies data" and delete the cookies by clicking on the "OK" button.

g. Opera Mini: In the "Menu", click on "Settings". Then click on the option "Privacy" and "Delete cookies".

6. Should you have any inquiries or comments, please feel free to contact us at the e-mail address: info@vig-re.com
