

VIG Re, the reinsurance company of Vienna Insurance Group, is a dynamic company with international operations mainly in Continental Europe. We are looking for a new team member who will accompany us to the next step in our strategic growth.

We work hard, but we also like to have fun. Our company culture is quite exceptional for the Czech insurance market; please check out our website www.vig-re.com for more information about us.

IT Analyst

As a technical analyst, you will design and deliver new and innovative solutions, which help our company speed up the processes, improve data quality, etc. You will help us make our life easier. Our solutions and services are mostly based on Java and Microsoft technologies and we are using SAP FS-RI and Microsoft SQL Server database engine. You will have access to training in the Czech Republic and abroad to develop your potential and to grow professionally.

Your Tasks

- Preparation of analysis and documentation of AS-IS capabilities about business processes, IT setup, technology, including process functions, roles and responsibilities, documents flow, etc.
- Definition of an application design (e.g. writing functional designs), technology architecture and technical design activities
- Helping with development and testing of new business processes, IT solutions and IT setup
- Collaboration with other departments to coordinate interdepartmental activities
- Participate on Data Warehouse, core system and SAP FS-RI analysis and development
- Supporting users with their tasks and various IT issues

Our Expectation

- Advanced analytical and problem-solving skills
- Excellent written and oral communication skills in both Czech and English
- Experience in functional and/or technical design of custom technology applications (Java, .NET...)
- Programming experience in Java/.NET/C# and SQL
- Ability to work independently and to facilitate discussions with complex content
- Willingness to work in a team-oriented environment
- Desire to increase professionalism and quality of information systems environment
- University degree or equivalent qualification/relevant work experience

We Offer

- Professional development in one of the leading insurance groups in Central and Eastern Europe
- The opportunity to contribute essentially to overall company direction and development
- Attractive, performance-oriented remuneration package and an extensive package of benefits
- Flexible working hours
- Work in an international team
- The workplace in the heart of Prague
